

“Excellent value for money.”

Tom Tierney, 3M

# Got a fork lift truck? Here's what you need to be safe.

Join the FLTA Safe User Group for just £3.67 per week.

Fork lift trucks are essential – but potentially some of the most dangerous equipment in your workplace. And as an employer, that's a headache. You need a clear plan not only to prevent your people joining the daily accident toll – but also to meet all the regulations and ensure best practice on your premises.

That's why the Fork Lift Truck Association launched the Safe User Group. As the UK's independent authority on lift trucks, this is all we do – and membership gives you direct access to our very latest expertise.

“An invaluable source of expert advice.”

Steve Cash, British Sugar

That's only the start. Joining the Safe User Group gives you access to a wealth of **free, exclusive safety resources** – plus valuable discounts at our online shop and major events like the **National Fork Lift Safety Conference**.

And you'll be able to **swap advice** with other safety-focused managers, through our Members' Forum – to see how others have tackled similar challenges.

“A genuinely excellent service – brilliant resources.”

M Cox, Johnson & Johnson

## A structured approach to safety

Our exclusive 20 step *Safer Site Pro* program gives you clear, manageable tasks - designed to significantly reduce your risk of fork lift accidents.

## Expert advice at your fingertips

Call our safety helpline for unlimited expert guidance, via our in-depth knowledge base. Alongside that, our regular technical updates will keep you abreast of changing legislation and best practice developments - with practical guidance on exactly what it means.

## Prove your safety commitment

Show workers, customers and inspectors you mean business, with your membership certificate and logo – while the Safety Charter spells out what you expect of your staff... and what they can expect from you.

**Importantly**, we want any company with a fork lift truck to have access to the best advice – so we've priced the Safe User Group for everyone: the equivalent of just £3.67 per week, plus a £151 joining fee. (With initial membership benefits valued at over £2,000, it's great value right from the start.)

**Fork lift safety. Peace of mind.  
For just £3.67 per week.**
